### BUDGET PRIORITIES WORK SESSION, Staff Report

April 5, 2016, Noon

### INTRODUCTION

Staff's intent today is to share with you some anticipated costs for fiscal year 2016-17, fee structures and a list of project priorities for the Commission's review and comment. Though no decisions can be made tonight, the input will be helpful as we prepare the budget for the Tuesday, May 10th Budget Committee Meeting.

These are in draft form and input from today will be used to modify the documents for Commission review at the April 26<sup>th</sup> regular meeting. Ultimately there will be three resolutions (not counting the budget resolution) that should be adopted annually: (1) Rates, Fees and Charges Resolution, (2) a Compensation Plan Resolution, and (3) a Capital Improvement List Resolution. Some form of these resolutions should be adopted no later than the end of May. The Project Priorities list will give staff direction in finishing the budget document. The three resolutions will be actual policy decisions with specifics related to personnel costs, income and port projects.

I'll briefly summarize the documents in your packet.

### PERSONNEL EXPENSES

The first document includes the draft compensation plan and a one-page summary of projected personnel expenses. This document breaks down all costs to the Port related to personnel broken down by department and line item. The second to last column is a summary of the current year's budget (FY 2015-16).

This year's budget is 10% higher than last year since the Port intends to hire two new employees to help create a maintenance crew. The Personnel expenses for these two employees will be a total of \$99,000.

The second document is a draft Salary Step structure. Employees are eligible for a merit step increase (2.5%) but not before receiving a positive annual performance review. The Port has not traditionally used COLAs (other than the Maintenance III Position that needed to reflect state minimum wage laws and the General Manager who is reviewed annually by resolution.)

The third document is a definition of the items effecting personnel costs. This report summarizes anticipated changes in various personnel benefits and taxes. It also lists Employee Paid Benefits that the Port offers its employees.

### FEE STRUCTURES

The fourth document is an eight page summary of all the fees, charges and rates that the Port assesses. This draft document should be reviewed annually and has been since January. A version of this document will be distributed to port customers via the Port's website and meeting packet. Most of the fees show a 3% increase to cover increases in operations.

### PROJECT PRIORITIES

The fifth document is a list of projects that staff is recommending be considered by the Port Commission. The projects were brought forth by the department heads and their employees and then I prioritized the full list based upon eight criteria. This list was then sent back to department heads for further feedback. We have over \$30 million worth of projects identified in our Capital Improvement List which is reviewed by the Commission based upon staff input.

### CONCLUSION

Based upon input from tonight's work session, Staff will use this to complete the proposed budget, draft a compensation plan resolution and a rate resolution. The resolutions will be reviewed monthly until adoption and the proposed budget will be presented at the May 10th Budget Committee Meeting.

### A RESOLUTION SETTING RATES, FEES, AND CHARGES

**WHEREAS**, ORS 294.160 requires the governing body of a unit of local government to provide an opportunity for interested persons to comment on the enactment of any ordinance or resolution prescribing a new fee or a fee increase; and

**WHEREAS**, Port of Newport Facilities Code Sec. 1.2(f) and 2.10(c)(6) requires the Commission to set rates and charges for moorage and electrical usage by the adoption of a "fee schedule" by resolution; and

**WHEREAS**, the Port Commission last adjusted rates, fees and charges via Res. No. 2015-06 on May 26, 2015; and
