<b>Your Comment:</b>	<p>The commission addressed this issue when Mr. Greenwood wanted to build a new port office. Number one a you have millions of dollars in infrastructure repairs and a new port office doesn't create new jobs or make new revenue. If you want to spend that kind of money hire a marketing person to market cargo for the terminals. That is what the bond measure was sold to us for. A cargo berth and a barge/ fisherman's dock.</p>
