Lamerdin presented the draft Resolution included in the meeting packet. The Commission discussed the purpose of the Resolution, what the resolution might say, whether this is the best form for communicating their message, and to whom this message would be presented. Chuck suggested adding “nor sees a need for” to Section 1 of the Resolution. Dresler spoke about her understanding of what information elected officials would like to receive. There was also a discussion about the limitations on staff regarding political issues.

Mann commented on the Port’s presentation to the County Commissioners and on the inefficiency of amending the proposed bill.

Beck encouraged the Commission to address the concerns of elected officials, provide a timeline for hiring and General Manager and Director of Finance, and asked the Commission to let the public know whom to contact in Salem with their comments.

Burke suggested perhaps including an addendum with the Vision and Mission statements. Dresler said the Resolution was specific to the bill, but those items would be important in presentation to the legislature. The Commission discussed planning to meet elected officials and talking points. Lamerdin suggested information also be posted on the website. Dresler said she could prepare an

initial packet of facts to send to elected officials before the meeting, which could be built upon. Skamser proposed reaching out to Port District voters, which Burke said would be an opportunity for transparency and confidence building.

Chuck suggested amending the Resolution to include “nor sees a need for” in Section 1 of the Resolution.

A motion was made by Burke and seconded by Skamser to approve Resolution 2019-01 as amended. The motion passed 5 – 0.

Lamerdin recessed the meeting for a break at 12:48 pm. 45:50
